SP160425/5. LAND AND BUILDINGS

SP160425/5.1 Fire Safety Matters

The Operations Manager introduced the recently commissioned Fire Safety Survey undertaken by Mid and West Wales Fire and Rescue Service. The survey revealed several areas in which fire safety could be improved with remedial works, however some of the works would be included in plans for transforming the Town Hall. Officers also confirmed that fire risk assessments for all buildings needed to be updated.

A suggestion was made to refer the report to the Health and Safety Committee before making a decision, however councillors felt that this would delay the required works taking place. The Town Clerk suggested that the Health and Safety Committee could meet to discuss the report in more depth, while the up to date fire risk assessments were obtained.

RECOMMENDED

To ask officers to obtain three quotes to obtain up to date fire risk assessments for all Council buildings and sites.

Proposed by Cllr Julie Arnold, seconded by Cllr Sally Fitzgerald

SP160425/5.2 Town Hall & Motte and Bailey

The Operations Manager explained that two local companies had declined to quote for the immediate priority works which was put out to tender by the Council. He confirmed that this leaves just one quote remaining. The Town Clerk also confirmed that Cadw had clarified that the Pavillion Bowling Club forms part of the Scheduled Monument at the Motte and Bailey.

Councillors discussed the recent news from Welsh Bikers for Suicide Prevention that they had decided to withdraw their offer to assist with works at the Motte and Bailey.

RECOMMENDED

To accept the quotation for the Town Hall and Motte and Bailey works from Silk Sharples Jennings and KRM Contractors and to authorise officers to obtain appropriate funding streams to enable works to take place.

Proposed by Cllr Sally Fitzgerald, seconded by Cllr Estelle Bleivas

SP160425/5.3 Council Vehicles - Tipper Truck

The Senior Facilities Assistant gave an update on the Council's Tipper Truck and explained that the agreement and warranty for the vehicle is due to expire in October. This means that the Council would be liable for any repairs needed after this date, which could be costly due to the engine configuration. He recommended that the Council enter into a new three year lease agreement with CVC at the cost of £590.15 a month, which would be slightly more than the current cost, however would enable the Council to have continued warranty for another three years.

Officers also mentioned the recently held demonstration for a new tractor to replace the Council's 25 year old vehicle. A full paper will be presented on this at next week's Full Council.

RECOMMENDED

To accept the recommendation from officers and enter into a new three year lease for a replacement Tipper Truck.

Proposed by Cllr Phil Pritchard, seconded by Cllr Estelle Bleivas

SP160425/5.4 General Update

The Operations Manager gave a general update on works to date including hedge cutting before the commencement nesting season, pitch and grass cutting, three monthly playground checks, installation of bollards at the Town Hall following the Quintennial Survey and upcoming works for VE Day, including bunting which is being erected on Wednesday 23rd April 2025.

The Town Clerk gave an update on a proposal from Welshpool Community Haven to create a memorial garden at the Day Centre for those who have been lost and to provide support for younger members dealing with grief.

Councillors and the Town Clerk thanked all the Operations Team for their hard work and dedication to their work.

RECOMMENDED

To allow Welshpool Community Haven to create a memorial garden at the Day Centre.

Proposed by Cllr Sally Fitzgerald, seconded by Cllr Julie Arnold
