- I like to ask for 2 picnic tables and 2 benches at the Oldford pitch so kids can sit and also play their card games

- I like to ask for silver Hammerite paint to paint the railings due to graffiti

- I like to ask for a small shelf to be placed so players can properly store their belongings

- I like to ask that both goals be fixed. My recommendation is to place 2 wooden slates at intervals then replace the coated mesh. The current structure has a massive weak point in the middle due to lack of slates which is why the mesh broke so easily

- I like to ask for money to purchase a small tin of orange Metal paint so the basketball hoops can be repainted

- I like to ask if we can arrange where each kid can have a panel on the exterior of the pitch and they can paint something revolving around sports.

-I like to ask if we can place a metal or plastic storage box with a combo lock that will have ⚽ 🏀 🏈 🏐 🏸 🥏, some card games, jerseys (so they can stop playing shirts vs skins), checkers, chess, connect 4, battleship, outdoor twister, etc). The bin can be placed at the back behind the pitch and only certain individuals would have the lock code. We can disguise it as well to look like an electrical box. I am more than happy to provide the items if I can be reimbursed.

BURGESS

- I like to ask that nets be added to the posts at Burgess as the balls have no way of stopping once they go through the posts.

- I like to ask if a bench can be placed near the football field at Burgess and a shelf so players can properly place belongings

Regards,
Cllr Kelly Meredith
