The annual fireworks display was successfully held on Saturday, 1st November 2025 and attracted a fantastic turnout from local residents and visitors, with the one entrance counting more than 1,500 visitors. 3. Overall sentiment toward the event was strongly positive and most respondents indicated they would definitely or probably attend again.
4. Areas for improvement included sound and music, bonfire, parking and access management and smoother trader logistics.

9. Recommendation

1. Increase the number of pre-show activities, possibly including an expansion of the music provision e.g. live acts prior to the event.
2. Explore ways in which to resolve the sound issues.
3. Continue strong focus on safety and accessibility and consider external first aid provision.
4. Increase the budget for a better fireworks display.
